>> BHGR ANNOUNCEMENTS

January 15, 2024, marks the end of an era and the start of Giovanni Ruscitti's second act at Berg Hill Greenleaf Ruscitti.

Ruscitti, one of the firm's founding partners, began his tenure as managing partner in 2016. With a vision of growth and change, Giovanni was determined to bring his experience working with many C-Suite executives, serving on and advising numerous boards, and his MBA background into new leadership concepts that would ultimately lead the firm away from some of the more traditional legal industry methods.

This progressive leadership helped the firm achieve a broader commercial practice and service to the state and nation's most prominent industries. This vision and leadership also supported the firm through some of the world's most challenging times. The historical events in 2020, 2021, and 2022 change every aspect of running a law firm and how we view and live our everyday lives," says Ruscitti. "You could not successfully run a business if you ignored those impacts. Many thought leaders that I follow say, 'If you change the way you look at things, the things you look at will change.'" Giovanni shares that he remembers challenging himself and the firm's leadership team. He prioritized the BHGR team as individuals first, allowing them to serve their clients better. There was a pretty immediate emphasis on flexible work schedules and even an optional 4-day work week, mental health and wellness, and the creation of committees to help the firm navigate changes in mentorship, social issues, and improved compensation packages.

Reflecting on the expected, the unexpected, and the adaptation, Giovanni's vision carried through. "...[W]e exceeded all of my expectations, and I'm very proud of what we accomplished," he says.

Looking ahead, Giovanni is ready to embrace his "second act" as the firm's new Chairman and General Counsel. "While I will no longer be responsible for day-to-day management, I am very excited to stay in a leadership position and serve as a strategic advisor to our new managing partner and management committee," says Giovanni. His role as general counsel will allow him to share what he has learned as a managing partner and his experience representing large corporations. "I am not retiring or slowing down in any way. In fact, I love practicing law and serving as an arbitrator and mediator, and I will continue to do so for a long time. But I am embracing the role of being a 'modern elder,' a term coined by Chip Conley, which allows me to continue to learn from our younger attorneys while at the same time sharing what I have learned. I also published my first book in 2022, which became an Amazon best seller, and I enjoyed speaking nationally about the book and about legal topics. I see myself writing books and speaking nationally on various topics related to leadership, law, and life."

As for the firm, Giovanni looks forward to watching the next generation of leaders emerge, grow, and continue BHGR's legacy.
